We're wading through the 70 page opinion and will have a summary. Bottom line is that the court granted our summary judgment motion and supports our decision to approve the WA and OR 303(d) lists without considering ocean acidification.

Folks - attached is the Court's 70 page ORDER denying the CBD motion for summary judgment and granting our motion for summary judgment, and confirming bench rulings on the motions to strike.

I have not yet read the opinion, as it will take some time to get through and I wanted to get it circulated to you for review. I will prepare a summary later today.

But it looks like the right result. Thanx to all of you.
